INTERSTATE MAKES KEY HIRE IN STRATEGIC LOCATION

Golson to Join the Premier Disaster Recovery and Construction Company

DENVER, Colorado – May, 2007 – Interstate announced today the hiring of Mark Golson as Managing Project Director and head of the Company's Houston, Texas efforts.

"Our intention is to assemble the best team in the industry. With the hiring of Mark, we add a seasoned industry veteran with experience across a wide variety of real estate sectors," said Stacy Mazur, President and Chief Executive Officer. "As a company, we intend to set the gold standard in the industry, delivering unparalleled quality and customer service to those companies dealing with unfortunate events."

Prior to joining Interstate, Mr. Golson worked as a regional director for one of the nation's largest emergency response companies. During his tenure, Mark was instrumental in helping that company grow from a small regional player to one with a national footprint. He is a graduate of Southwest Texas State University.
